Facts About Japan.

Japan is a growing nation. During the last five years the increase of Japanese foreign trade has been five-fold. The country's imports and exports in 1901 amounted to \$272,400,000. The leading countries from which Japan obtains her imports, and the value of the commerce, are as follows: England, \$35,656,800; United States, \$31,225,600; China, \$14,896,200; Germany, \$14,491,800; and British India, \$11,703,000. The United States leads as the market for Japanese exports, and in 1900 bought \$26,145,000 worth. The British island of Hong Kong stands second with \$10,521,000; China, \$15,886,200; France, \$9,511,800; England, \$5,577,500, and Corea, \$4,930,200.

From all parts of the world Japan imported in 1900, according to the International Encyclopedia, goods to the amount of \$87,946,000. The same authority gives Japan's exports in 1900 as \$74,809,800.

The total revenue of the government from all sources in 1901-02 amounted to \$138,758,500, and the expenditures to \$137,943,712. The revenue is raised chiefly from the land tax, taxes on sake and other liquors, customs duties and an income tax. Among the chief expenses ranks the army, for which \$19,000,000 was appropriated in 1900; the navy, \$10,000,000; administration of justice, \$5,000,000; education and pensions, \$3,125,000; executive and legislative departments, \$1,500,000. Yet Japan's entire income is not half as large as that of New York City. The national debt was \$255,009,500. The stock of gold was estimated at \$62,000,000. The total amount of silver in circulation was \$80,400,000, and of paper money, \$61,300,000.

Rice, the chief food of the Japanese, is the most important crop, and in 1900 205,667,080 bushels were produced. Rice land is worth nearly three times other arable land, and in 1900 nearly 7,000,000 acres were cultivated as rice fields. A great quantity of rice is used in the manufacture of sake, and in 1900 173,051,000 gallons were produced from 27,789 establishments. Barley was raised in 1900 on 1,570,096 acres, yielding 42,591,056 bushels; rye on 1,697,850 acres, yielding 37,176,867 bushels; wheat on 1,147,747 acres, yielding 21,006,776 bushels. In 1900 936,083 acres were devoted to the silk culture, and 120,702 acres to tea, which produced 63,210,100 pounds. Japan raises more cereals and other food products than she needs herself, so even should she be cut off by Russia from the rest of the world she could support her armies as well as her own inhabitants.

The soil is held for the most part by the people who work it, since the abolition of the feudal system. The average holding is about one acre, which is valued at 180 yen. As a result of the Buddhist teaching the people never ate beef, and regarded butter, milk and cheese as poisonous. Since the opening of Japan to the thought of the West, the government has sought to encourage the establishment of dairies and the breeding of cattle, horses and sheep, so that in 1899 there were in Japan 1,451,530 head of cattle and 1,500,000 horses.

Spinning and weaving have been the most important industries of Japan since time immemorial. Before the introduction of machinery there were spinning wheels in nearly every home. Osaka is now the center of the cotton industry, where there have been erected so many factories that it has been called the Fall River of Japan. In 1900 there were 1,135,111 spindles in operation in 79 different spinning mills, employing 12,170 men and 43,375 women. About \$100,000,000 are now invested in Japanese cotton mills.—Pennsylvania Grit.

Out For a Good Time.

Mr. J. W. Cunningham, the efficient and experienced foreman and job printer of the Hustler, accompanied by his interesting little family, left last Saturday for his old home at Stamping Ground, Franklin county, for a brief visit to his mother and other relatives at that place. The little party will then leave that point for St. Louis to spend several days visiting the Exposition. Mr. Cunningham has fully earned this outing and rest by a year of faithful, satisfactory work, and the Hustler hopes the trip will bring him the enjoyment and pleasure he so thoroughly deserves.—Jackson Hustler.

THE HERALD, too, joins in the wish that "Cunny" may have a royal time.

Puts an End to it All.

A grievous ailment comes as a result of unbearable pain from overtaxed organs. Dizziness, Backache, Liver Complaint and Constipation. But thanks to Dr. King's New Life Pills they put an end to it all. They are gentle but thorough. Try them. Only 25c. Guaranteed by all druggists.

School Money.

State Auditor Hager has notified the State School Superintendent that he will not appropriate to the common school fund any part of the direct tax collected from the insurance companies doing business in the State until directed to do so by the courts. The question of apportionment will now go to the courts for settlement.

Superintendent Fuqua will not wait the decision of the question before declaring the per capita for the conduct of schools for the coming session, which runs for six months under the new law passed by the last General Assembly. He estimates the per capita at \$2.90 without the insurance fund money. Should the latter fund be secured by the department, he thinks it will bring the per capita up to \$3.20. The estimates furnished by him of funds for the common schools is \$2,150,082.42. This is after deducting and paying the deficit existing in the fund of about \$171,000. Should the courts hold that the school department is entitled to a portion of the insurance fund it means an increase of the school fund of about \$125,000 annually.

STATE COLLEGE OF KENTUCKY,

Lexington. - - Kentucky.

The Agricultural and Mechanical (State College) of Kentucky offers the following courses of study, viz: Agricultural, horticultural, chemical, biological, mathematical, physical, normal school, classical, mechanical, engineering, electrical, engineering, civil engineering, mining engineering, each of which extends over four years and leads to a degree. Post graduate studies are also provided, leading to a master's degree. Each course of study is organized under a separate faculty. The general faculty number nearly fifty professors and instructors.

County appointees receive tuition, room rent in dormitories, fuel and light, and if they remain ten months, traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern.

The Legislature appropriated \$60,000 for a college home for young women, and \$30,000 for drill hall and gymnasium for men. Both buildings are completed and in use. Military tactics and science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the college to supply. Last year the matriculation was 750.

Specialists with the necessary number of assistants have charge of each department of natural science. Summer schools are provided for pedagogy, engineering and instruction in science.

The State College of Kentucky, though bearing hitherto the title of "college," is the only institution in the Commonwealth doing in any proper sense university work.

The completion of the college home for young women provides facilities for good board and lodging. It is equipped with all modern conveniences, including bath rooms and room for physical culture. It is heated by steam and lighted by electricity.

An opportunity is thus afforded to them of a thorough education in classics, modern languages, literature, science, mathematics, logic, metaphysics, history and political economy. No other institution in the State offers advantages for education of women at all comparable to those offered by the State College of Kentucky.

Keene Brown Arrested.

Keene Brown, who killed Ira Miles, a detective in Menefee county, some time last fall, has been arrested and delivered to the Menefee county jail. After he committed the crime he went to the home of Mike Robinson, in Breathitt county, two miles above Jackson, and hired to him under the name of Jim Rose. Subsequently an epidemic of typhoid fever invaded the family of Mr. Robinson, and after the family had passed through it Brown (or Rose) was taken down with it. Mr. Robinson realizing his condition went to him and told him that his mother ought to know of his sickness. Brown then made a confession to the old man, and told him as there was a reward for his arrest he wanted him to have it. Mr. Robinson secured the services of Ned Cope, of Frenchburg, returned to his home and arrested the fugitive and took him to jail. Of course, as Brown wished, Mr. Robinson will get the reward, and it is generally thought that Brown will get either a lifetime in the pen or end his career upon the gallows, as the murder was unprovoked. The reward is \$600, the State giving \$500, and Menefee county \$100. Had Brown been caught at the time the crime was committed he would have been hung by the indignant citizens, but now the law will be allowed to take its course.

A Wolfe County Girl Behind the Bars.

The following dispatch from St. Louis was in all the daily papers Monday of last week:

"A vivacious Kentucky belle, Miss Dottie Dixon, aged 21, of Pinckard, Wolfe county, Ky., stylishly dressed and wearing a small fortune in diamonds and other jewelry, is a prisoner at the Four Courts. She is charged by Mrs. Marion Brown, of Sumpter, Tex., with having stolen the latter's hand-satchel, containing \$1,000, at a lunch station.

"Miss Dixon told the police that she came to St. Louis from Cincinnati, O., with her brother, Frederick Dixon, an Elk of Muskogee, I. T. She had been in Cincinnati to visit a friend, Miss Mary Murphy, she says. They have been stopping at the Inside Inn. Her brother left the city two days ago.

"Mrs. Brown says she was passing through the midway when she was accosted by the maiden from Kentucky, who snatched her satchel and walked away, seemingly unconcerned. She searched the station for a policeman but found none, and in the meantime Miss Dixon had disappeared. Last night she saw Miss Dixon, she declares, with her satchel. She called an officer and had Miss Dixon arrested.

"A number of Elks who are still in the city say Miss Dixon is from an excellent family in Kentucky, and that her brother is well known in politics."

New Idea Woman's Magazine.

An article on "The Modern Nursery," by Mildred K. Smith, and the fourth number of "Perdita's Problems," by Alice Chittenden, are to be features of special interest in the September number of the New Idea Woman's Magazine. These two papers are of instant value to all home-makers in their practical suggestions and helpfulness. Both are photographically illustrated. Miss Cory's articles on "Physical Culture" are letters written out of the sound knowledge of long experience in her special line of work, and may be depended upon as absolutely reliable in every detail. These articles are illustrated in such a way as to illuminate the specific directions given in the text. "Fashions in Shirt-waists" and "Novelties in Men's Wear" are feature articles in the fashion department, which is to be enlarged henceforth by the addition of another color plate.

Miss Emma Perkins, of Lacy Creek, started on Monday for Bushon, Ill., for a visit of about two months to her aunt, Mrs. Mike Murphy, and other relatives. Her brother, James Perkins, took her to Heleehawa, and she left on the 1:22 O. & K. train.

A Brother Kills Brother.

In a family row on Stillwater Saturday afternoon last, Sylvester Adams shot and killed his brother, John. The particulars, as we hear them, are as follows: Bill Adams, who rented some land from Edgar Kash, had taken his son, Sylvester Adams, in partnership, and together they put in a crop. A younger brother, whose name we did not learn, was working with them, when Sylvester and he had some trouble, and Sylvester undertook to whip him. The old man interfered and Sylvester drove him off. The old man went to Magoffin county and got another son, John, to come back with him for protection. When they neared the residence of Sylvester he ordered the old man to stop, but the latter paid no objection to the command, and when he got up within reach Sylvester hit him over the head with a shot-gun. John told him not to hit his father any more, and stooped to pick up a rock. As he raised Sylvester pulled the trigger and a load of buckshot penetrated the left shoulder of John, ranging down, and he died almost instantly. The old man then caught Sylvester by the throat and choked him back against the wall with the intention of cutting his throat for what he had done, but while pulling his knife he realized that he was a son and released him. The fratricide took to the woods, and at this writing has not been arrested. But it is presumed that he went to Menefee, and the officers are after him. John, the murdered boy, was buried at the Holderby graveyard on Sunday.

Will Move to Winchester.

R. C. Mansfield & Son, the well-known Rosslyn millers, have about decided to leave Powell county and move their mill to Winchester. They were in Winchester lately and secured an option on some valuable lots desirably located for a flour mill.

For a number of years Mansfield's mill has been a leading industry in the county, and it would be with great regrets that we would give them up. The firm is strong and solid; the business is conducted on the most modern principles, and the products of the mill are not surpassed by any, and rarely equaled by the best and largest milling concern in the country. The mill will be operated at Rosslyn for several months yet, and we hope it will be the decision of this up-to-date and progressive firm to remain in Powell.

At one time last spring they wanted to move their mill to Clay City and occupy the site of the old forge mill, but could not make the necessary arrangements on account of the high prices asked for the lots. Our people made a mistake by not raising a subscription and buying the site for them. We are sorry to state that it is too late for Clay City to come in on this proposition, and that she has lost this enterprise that was once anxious to locate here.—Clay City Times.

John M. Rose is the Hazel Green agent of the above mills, and he says that both their flour and meal give universal satisfaction, and our own experience is that both are as excellent.

Held Over to Court.

The examining trial before Magistrate Edwards of Clay Wadkins, Green Wadkins and Henry Collins, charged with the murder of Lee Mann, was concluded last Saturday, and resulted in the acquittal of Henry Collins, while the two Wadkins boys were held in a bond of \$1,000 each for their appearance at the next term of the Breathitt Circuit Court. They have failed as yet to give bond, but it is said that they will do so in a few days.—Jackson Hustler.

Disfigured Skin
Wasted muscles and decaying bones.
What havoc!
Scrofula, let alone, is capable of all that, and more.
It is commonly marked by bunches in the neck, inflammations in the eyes, dyspepsia, catarrh, and general debility.
It is always radically and permanently cured by
Hood's Sarsaparilla
Which expels all humors, cures all eruptions, and builds up the whole system, whether young or old.
Hood's Pills cure liver ills; the non-irritating and only cathartic to take with Hood's Sarsaparilla.

THE HERALD.

Drink Wainscott's Distilled Pop for Health.

Mrs. Barney Blankenship has the thanks of the editor and his better seven-eighths for a nice lot of beets.

Emmett Campbell and Clay Cecil started on Monday for St. Louis to visit the World's Fair for about two weeks.

Rev. Jim Tom Pieratt, who has been quite ill with dropsy, is at the residence of his son, H. F. Pieratt, and remains critically ill.

Robert Harris, of Richmond, is among the visitors at Swango Springs Retreat, and is much pleased with the efficacy of the water.

FOR CATARRH of the nose, throat, stomach, bowels and more delicate organs, take Hood's Sarsaparilla—it is **A RADICAL CURE.**

Mrs. George Wheeler and her daughter, Miss Hattie, left Friday for Lexington, where they will visit relatives of Mrs. Wheeler for about two weeks.

I. A. Steiger, representing E. C. DeWitt & Co., of Chicago, was here Monday and renewed contract with THE HERALD for advertising for another year.

Old Uncle Bobby Denniston, of Pomeroyton, is sick at the home of his son-in-law, S. M. Tyler, near our town, where he is a visitor. He is eighty-odd years of age.

Rev. Barney Blankenship returned Monday from Mariba, in Menefee county, where he held a meeting on Sunday. Quite a crowd was present, and good order prevailed.

Lewis Henry, of Caney, was here Sunday at the bedside of his brother-in-law, Rev. Jim Tom Pieratt. Mrs. Henry came over some time last week and stayed until Sunday.

Dr. Harlan Stamper, who is now at Mussel Shoals, on Licking River, came home Monday for a visit to his wife and children, and left again Tuesday morning to finish some dental work.

Meredith Mann, of Dan, came up Saturday and on Sunday took back his daughter-in-law, Mrs. Maud Mann and her baby. Miss Mattie Lee Gevedon presented the baby with a handsome gold ring as her namesake.

Troy Jordan was tried before Police Judge Cox Saturday morning last on the charge of house-breaking and held to the Circuit Court in the sum of \$200. Failing to give bond he was on Monday sent to jail at Campton.

Mrs. Horace Jones and Beulah Adams, of Lexington, daughters of John A. Adams, were the guests of Miss Pearl Day for a few days last week, and are now visiting at Maytown, where their grandfather, Rev. John Adams, lives.

A little son of Leander Dunn, who lives about four miles above Lee City, fell from an apple tree on Friday evening and bursted his skull. Some of his brains were knocked out, but at this writing, Tuesday morning, he is said to be alive, but unconscious, of course. Drs. Carroll, of Lee City, and Center, of this place, were called to see him, and expressed the opinion that he might survive.

Willie Swango, of Montgomery county, was here last week buying hogs, and started home on Monday with about sixty good feeders. He will be here again in the course of a month, and will then take up any surplus swine that may be on hand.

Rev. W. E. Arnold, a Presbyterian minister who has charge of the church at Versailles, is now rusticating at Swango Springs Retreat and drinking the water for his health, which has improved in the few days he has been a sojourner.

The Jackson Hustler of last week gives the score of the Gun Club at that place, and we note that Curt Rose, our former towneman, made 20 out of a possible 25, only one of the 13 engaged going higher, and that was Matt Spencer, who made 21.

James Nickell, of Grassy, accidentally shot himself through the hand on Friday evening last, inflicting a painful though not a dangerous wound. He drew his pistol to shoot a snipe, as we are informed, when the pistol was discharged with the result as above.

The Death Penalty.

A little thing sometimes results in death. Thus a mere scratch, insignificant cuts or puny boils have paid the death penalty. It is wise to have Bucklen's Arnica Salve ever handy. It's the best salve on earth and will prevent fatality, when Burns, Sores, Ulcers and Piles threaten. Only 25c., at all druggists.

Unless he should have a relapse, Uncle Johnny Rose now bids fair to get up and about in a short time. On Sunday last he had a decided change for the better, and as he has a good appetite and is cheerful withal, a new lease upon life may be granted him.

John Taulbee, ex-guard at the Frankfort penitentiary, was in town Monday shaking hands with his many friends. He is now at White Oak, in Morgan, and his wife is at the home of her father, Dr. Wald-dek, of Hill Top, Fleming county, under treatment.

The union meetings at the Presbyterian Church on Thursday and Sunday evenings continue to be well attended. These meetings will be held until about September 1st. The services Thursday evening will be especially for the young people, the topic being, "A Career, or God's Will."

Miss Artie Dye and Mrs. Maud Mann, of Dan, Ky., were pleasant visitors to THE HERALD on last Thursday, but were unfortunately too late to see the working of the press. Mrs. Mann and little daughter, Mattie Lee, who have been visiting Mr. and Mrs. Albert Dye for the past two weeks, returned home last Sunday.

Andy Nickell, of the Cox Mill neighborhood, aged 79 years, died at his residence on Saturday afternoon of kidney and bladder trouble, and the remains were laid to rest in the old O'hare graveyard on Sunday, where his wife and seven children are buried. He was a brother of the mother of Mike and Bill O'hare.

John Cruey, who keeps the Morgan County Poor House, at the Forks of Caney, says he has an inmate of that institution a man who rightfully should be in the Confederate Home at Pewee Valley. The man referred to is Milton Gibbs, who has an honorable discharge from the command to which he belonged, but Mr. Cruey did not know the company or regiment when he was talking to "our man about town." However, the old fellow is blind, feeble, and in a manner helpless. We note this that the Confederate Veterans may take action in the matter.

Rev. J. D. Hunter, of Caney, held a meeting at Daysboro last week, and on Saturday there were six additions to the church. He will preach at that place the first Sunday in each month for the ensuing year, the congregation at Daysboro having employed him. Mr. Hunter was at one time editor of the Bible Sword, the paper founded by Rev. Mr. Howard, deceased. He is also identified with several secret organizations and beneficiary organizations, in the work of which he takes much interest.

Caleb Powers and the Magazines.
Perhaps the most intelligent statement yet published of the case of Caleb Powers appears in Wayside Magazine, Chicago, for August. The publishers of this magazine being former Kentucky newspaper men, it is reasonable to suppose that they have the facts without bias. Wayside Magazine is four years old, and being 164 pages monthly, is the largest magazine ever issued from the West.

William Perkins, one of the most prominent farmers of this county, and a resident of Lacy Creek, died on Saturday of typhoid fever and was buried on Sunday at the family graveyard on his place, Mizpah Lodge, No. 507, F. & A. M., of which he was an honored member, took charge of the remains and buried him with the honors of the order. Members from Lee City, Maytown, and other lodges took part in the ceremony.

A. Lynn Perry, of Winchester, who has been engaged here for nearly four months painting the properties of J. Taylor Day, on Monday left for Frozen Creek, where he will paint the old Day homestead now occupied by Wm. Day. This job will take about two weeks, and he will be assisted by Sam Wilson, of this place, who accompanied him. After that Mr. Perry will go to his home and thence to the World's Fair. He made many friends during his sojourn in our village, and all were loth to see him leave.

The work of demolishing and dismantling the old Academy building began on Monday, and all the available lumber in it will be used in the construction of the new dormitory, ground for which was broken this week. It may be economy to use the lumber from this building, but it looks like a shame to tear down so good a building for any purpose, when it could so easily have been converted into a hotel, and it would have made an ideal edifice for the business. The town needs a first-class hotel building as bad as any place in Kentucky, and a little enterprise on the part of some one could have supplied the need at a nominal cost. The Academy was ample in dimensions to have furnished sleeping rooms, dining room, parlor, sample room, etc.

FEMALE WEAKNESS

543 1-3 Congress St.
PORTLAND, MAINE, Oct. 17, 1902.
I consider Wine of Cardui superior to any doctor's medicine I ever used and I know whereof I speak. I suffered for nine months with suppressed menstruation which completely prostrated me. Pains would shoot through my back and sides and I would have blinding headaches. My limbs would swell up and I would feel so weak I could not stand up. I naturally felt discouraged for I seemed to be beyond the help of physicians, but Wine of Cardui came as a God-send to me. I felt a change for the better within a week. After nineteen days treatment I menstruated without suffering the agonies I usually did and soon became regular and without pain. Wine of Cardui is simply wonderful and I wish that all suffering women knew of its good qualities.

Wilhelmina Swann
Treasurer, Portland Economic League

Periodical headaches tell of female weakness. Wine of Cardui cures permanently nineteen out of every twenty cases of irregular menses, bearing down pains or any female weakness. If you are discouraged and doctors have failed, that is the best reason in the world you should try Wine of Cardui now. Remember that headaches mean female weakness. Secure a \$1.00 bottle of Wine of Cardui today.

WINE OF CARDUI

LEE CITY LOCALS.

James H. Dunn is having the best attendance at his district school that has been there for seven years past, and is giving general satisfaction.

Court convened here on August 5th. The first case on the docket was that of Grant Reed, charged with breach of the peace by fighting a colored woman. They had a lively trial, and Reed was fined \$1 and costs. George Blanton, for selling whisky, was fined \$20 and costs. Next was called, to the surprise of everybody, the case against James H. Dunn, charged with breach of the peace by whipping Charles Robbins in school. The jury was out only two minutes until they agreed that he was not guilty, and he was turned loose. Dunn loses nothing except his time, as the district made up more than enough to pay his expenses. August 8. DITTO.

End of Bitter Fight.

"Two physicians had a long and stubborn fight with an abscess on my right lung," writes J. F. Hughes, of DuPont, Ga., "and gave me up. Everybody thought my time had come. As a last resort I tried Dr. King's New Discovery for consumption. The benefit I received was striking and I was on my feet in a few days. Now I've entirely regained my health." It conquers all Coughs, Colds and Throat and Lung troubles. Guaranteed by all druggists. Price 50c. and \$1.00. Trial bottles free.

STILLWATER SPARKLES.

Quite a large crowd attended the Sacrament meeting at the Old Baptist Church here Sunday.

Mrs. Emily Byrd, of Campton, was visiting friends and relatives here from Saturday until Monday.

R. L. Rose, of Chandler, Oklahoma, is here on business. He expects to return in about two weeks.

Squire J. M. Taylor attended J. D. Rose's court on Thursday of last week, also Squire Shockey's court on Friday.

Born, on the 7th inst., to the wife of Curtis Halsey, a girl. Curt is stepping high and feeling big because he is called "papa."

Married, one day last week, at the residence of the bride's parents, Miles Cockram and wife, Miss Lula Cockram to Richmond Brewer. Rev. Henry Taylor performed the ceremony.

Dillard Vires and wife were arraigned before Squire Taylor on last Saturday charged with the offense of housebreaking, and the case continued until Tuesday at Kash Bros. store.

On last Saturday Sylvester Adams shot and instantly killed his brother, John Adams; also

bruised his father up considerably with his gun. He shot him with a single-barreled breech-loading shot-gun, the shell being loaded with buckshot. He had been in a stooping position. The whole charge took effect in the top of the left shoulder, ranging down toward the heart. The murderer made his escape and has not as yet been apprehended.

PRESTO.

Some Kentucky People in Missouri and Kansas.

S. S. Coburn, of Chanute, has just returned from a trip to South Dakota.

Edward Duke, of Amsterdam, spent a day or two in Kansas City last week.

Miss Bertha Amyx, of Muskogee, I. T., is visiting her cousin, P. A. Goodpaster, of Melrose, Kas.

C. B. Amyx will leave today for Cleveland, Oklahoma, where he is interested in the oil field at that place.

Miss Eliza Goodpaster, of Mt. Sterling, has been visiting her aunt and cousin, Dr. J. S. Amyx and mother, of Amsterdam, Mo.

G. T. Amxy, of Muskogee, Indian Territory, has accepted a position in the First National Bank of this place as book-keeper.

At the Democratic caucus held in this county on the 27th to elect delegates to the Congressional convention held at Topeka on the 2d of August, S. S. Osborn was made chairman of the Committee on Credentials and delegate-at-large.

A meeting of the oil producers of Kansas and Indian Territory oil fields was held at Independence, Kas., on July 30th for the purpose of discussing oil matters generally and especially the present prices. The field has grown to be the largest in the United States, comprising an area of over 200 miles from north to south, and an average of 40 miles wide. This immense territory is owned and operated and controlled by local companies, the Standard Oil Company furnishing the only market for same. It is the intention of the local operators to combine for the purpose of securing better prices if they have to do it by laying a pipe line to the gulf and building their own refinery.

Suicide Prevented.

The startling announcement that a preventive of suicide had been discovered will interest many. A run down system, or despondency invariably precede suicide, and something has been found that will prevent that condition which makes suicide likely. At the first thought of self-destruction take Electric Bitters. It being a great tonic and nerve will strengthen the nerves and build up the system. It's also a great Stomach, Liver and Kidney regulator. Only 50c. Satisfaction guaranteed by all druggists.

Hurt by Accident or Design.

Eli Wilson, of the Trent fork of Red River, fell from the trestle at the head of Red River on Saturday night last and was very severely bruised about the right shoulder and breast. Drs. Baker and Bolin examined him after he was taken to his home, and they expressed the belief that he was also injured internally, as he has been in a semi-unconscious state ever since he was found. The accident happened in the early part of the night and he was found about 8 o'clock on Sunday morning. Sometimes the attendants at his bedside can arouse him for a second or so, but at most he never utters more than one or two words. His condition is such that no intelligent account of the accident has been told, and the little that he has said leaves the impression that he may have been knocked from the bridge and robbed. When he left home he had something near \$40, and when found he had only two or three dollars. While those about him have elicited enough in his sane moments to learn that he was not by himself when hurt, they adhere to the opinion that it was an accident, but at this distance it looks like a case of foul play.

Casper's 11 Year Old Whiskey

Over 250,000 Pleased Customers

Shipments made in plain boxes. No marks to indicate contents.

ONE FULL QUART OF WHISKEY FREE

We know the meaning of words and will do as we say. We claim to be the lowest-priced Whiskey House and the Largest Mail Order Whiskey Concern in the South. All the North Carolina Whiskey we sell is good—there's no bad. People here wouldn't adulterate it if they knew how—they are too honest! Most whiskey sellers are noted for mixing, blending and watering. We sell more genuine old whiskey and less water than any known competitor. "Casper's 11 Year Old" Whiskey is a liquid joy! It's made by honest people in the mountains of North Carolina, in old-style corner stills, just as it was made by our grandfathers. First-rate whiskey is sold at \$5.00 to \$6.00 per gallon, but it's not any better than "Casper's 11 Year Old." If you please or we will buy it back. We have a capital of \$50,000 and the Peoples' National Bank and the Piedmont Savings Bank of this city will tell you our word is good. To introduce this old, honest whiskey, we offer four Full Quarts of "Casper's 11 Year Old"—two sample bottles, one 16 year old—a cork, a glass and a drinking glass—all for \$5.00. If \$5.00 is not too much for the above and put in free One Full Quart Extra. We have some of this whiskey only 7 years old, and will send you a quart for \$10 or will furnish twenty full quart bottles on regular keg for \$10 or will furnish twenty full quart bottles on regular keg for \$10 or will furnish twenty full quart bottles on regular keg for \$10 and give free corkstems, drinking glasses and corks, making this whiskey cost less than \$5.00 per gallon delivered. We ship in plain boxes with no marks to indicate contents, and Freeway all Express. Buyers West of Texas, Kansas, Nebraska and Dakota must add 50 cents per quart extra.
